

IPSB Massage Therapy Center Appointment Cancellation Policy

We, at the IPSB Massage Therapy Center, are very committed to keeping our schedule on time and strive to provide affordable, superior massage therapy to our clients. Accordingly, we recommend that you book your appointment in advance, although walk-in appointments are available from time to time. We are committed to confirming your appointment 24 hours in advance by phone, and appointments canceled at that time are not charged.

We understand that in some cases it may be necessary to cancel or reschedule your appointment and we ask that you provide a minimum of 24-hours notice to make any such change. If you fail to show up for an appointment or if you call with less than 24-hours notice and we are unable to fill your appointment time, you will be charged for the full amount of your scheduled services.

We would like to thank you in advance for your cooperation.
